PECB

PECB Certified ISO 31000 Foundation

Become acquainted with the best practices of Risk Management based on ISO 31000

Why should you attend?

The ISO 31000 Foundation training course presents the basic principles and approaches of managing risks and opportunities based on the guidelines of ISO 31000. This training course focuses on the main components of ISO 31000: basic terms and definitions, principles of risk management, risk management framework, and risk management process. In addition, each step of the risk management process is analyzed and elaborated individually.

Upon completion of the training course, you can sit for the exam and apply to obtain the "PECB Certified ISO 31000 Foundation" credential. The credential demonstrates that you understand the fundamental concepts and methodologies for risk management, based on the guidelines of ISO 31000.
